# WHAT'S NEW AT EAST PENN?

## MANUFACTURING - ENGINEERING...!

Exclusively at East Penn Truck Equipment, we have our own in house engineering department for the design and fabrication of new products and replacement parts for your vehicle. We use the latest engineering CAD software that is incorporated in our state of the art fabrication equipment we have on site for superior results of products and endless design capability on the trucks we build at our Mercer, Pa facility. Why settle for anything less !

## VALUE MATCH PRICING...!

We promise and will guarantee the lowest prices on all equally equipped body's and chassis and deliver the best value for your dollar! Plus you have the most experienced staff of industry professionals to guide you through the entire process from beginning to end. In the end, our installation team will provide a handcrafted and designed product for your business. Why settle for anything less than a truck built by East Penn, where reputation is everything!

## EXTENDED BODY WARRANTY...!

Extended Warranty programs on select Miller Industries towing equipment on trucks built by East Penn Truck Equipment. Our extended body warranty program gives you peace of mind and a continued lower cost of ownership with your equipment. Ask one of our sales consultants for more details.

The Speed® Dolly is the first in a long line of innovative products from the In The Ditch™ Towing Products. This lightweight self-loading tow dolly is used for recovery of disabled vehicles with the use of a wheel lift or sling. The dolly easily mounts under the disabled axle of the vehicle allowing the operator to transport to a safe location.

The Speed® Dolly is great for towing in tight-squeeze areas, such as parking garages and parallel parking zones, where there isn't sufficient room to use the breakover bar. Simply leave the dolly wheel closest to the obstruction in the lowered, locked position and lift the other wheel to the towing position. Pull the vehicle out of the crunch zone and lift the remaining dolly wheel into the towing position and go.

**STOP!**  
**Did you know..**

## 5 things you need to know about GOJAKS

1. Never use GoJaks as towing dollies. They are for hand maneuvering vehicles into line with your tow truck or loading car carrier beds only.
2. Do not drop or throw them to ground. They need to be placed gently to prevent wheels from cracking and springs from breaking.
3. Do not over pump the foot pedal. Gojaks are designed to lift the towed vehicle just a few inches off the ground. Over pumping will cause your foot pedal to break
4. Do not load GoJaks from above. For example using a tow sling. Never drop a vehicle onto the Gojak this will cause it to crack the frames wheels and rollers.
5. Do not push GoJaks over curbs, rocks or other obstacles doing this will cause the casters and frames to break.

**GO JAKS (MODEL 5000)**

Allows 1-2 people to move a car freely. This combination jack/dolly will let you lift and move a locked, blocked or disabled vehicle by hand in just a few short seconds. Prevents damage to oil pans and ground effects. Rated at 1,250lbs each and accommodates 13" to most low profile 16" wheels up to 9" wide. Gojaks will not replace towing dollies but do allow you to have the ability to position vehicles by hand.

**P/N: WTD GJ5000**

**\$229.99**

**GO JAKS (MODEL 6000)**

Allows 1-2 people to move a car freely. This combination jack/dolly will let you lift and move a locked, blocked or disabled vehicle by hand in just a few short seconds. Prevents damage to oil pans and ground effects. Rated at 1,550lbs each and accommodates 13"-16" wheels and tires up to 13" wide. Gojaks will not re-place towing dollies but do allow you to have the ability to position vehicles by hand.

**P/N: WTD GJ6000**

**\$249.99**

## GO JAK MOUNTING BRACKETS

### GO JAK HOLDERS (PAIR)

Steel mounting brackets to hold two GoJaks of any size. Mount to any flat surface and be ready to go in minutes! Sold in pairs!

**P/N: AD-GJ101**

# RETURN POLICY

You may return any new, unopened items sold and fulfilled by East Penn Truck Equipment within 10 days of delivery for a full credit to your account for the price of the item excluding shipping costs. Products must be in the original box, have a packing slip and reason noted for being returned. Once item is received, a credit will be issued to your account for the price of the item excluding shipping costs. We will only pay shipping costs if the return is a result of our error (incorrect or defective item). Item's being returned within 10 days are subject to a 15 % restocking fee. Defective merchandise will be sent back to us via prepaid UPS freight for warranty consideration and repair by original manufacturer of the product.

## SHIPPING INFORMATION

All products are shipped via UPS up to 100lbs. Items weighing over the allotted weight discription will be shipped via truck freight. Shipping charges are applied to your invoice at the time of shipment. East Penn ships to all of the lower 48 states. East Penn Truck Equipment reserves the right to direct ship items from distributors if items are currently not in stock. Items not in stock will ship out as soon as the product becomes available to us.

\*Disclosure: Copyright 2018 East Penn Truck Equipment.  
Prices as of 1/1/18. Prices subject to change.

## FINANCING AVAILABLE!
