Don’t settle for anything less!
The Speed® Dolly is the first in a long line of innovative products from the In The Ditch™ Towing Products. This lightweight self-loading tow dolly is used for recovery of disabled vehicles with the use of a wheel lift or sling. The dolly easily mounts under the disabled axle of the vehicle allowing the operator to transport to a safe location.

The Speed® Dolly is great for towing in tight-squeeze areas, such as parking garages and parallel parking zones, where there isn’t sufficient room to use the breakover bar. Simply leave the dolly wheel closest to the obstruction in the lowered, locked position and lift the other wheel to the towing position. Pull the vehicle out of the crunch zone and lift the remaining dolly wheel into the towing position and go.

**Includes:** Breakover bar, 2x aluminum axle tubes, 2x self loading dollies, tie down straps and manual.

**XD SPEED DOLLY**

- 4,000lb load capacity
- XD speed dolly has the only aluminum dolly wheel produced that has a true 1,000lb load capacity.
- XD aluminum wheel comes with a limited lifetime warranty against breakage
- 5.70 x 8 load range D with 1,070lb load rating
- XD speed is made in the USA
- Painted with the exclusive tuff coast paint process
- Billet aluminum lifting handle
- 85 % stonger than other brands
- All wear points are made from high strength alloy steel that do not need lube.
**Tilt ‘N Slide Dolly System**
This convenient mount places the dolly under a wrecker body, yet provides a slide out feature that assists in loading unloading.

**Sold Individually.**

P/N: ITD 1350 $277.39

---

**Integrated Speed Mount**
This all in one speed dolly storage mount makes transporting your dollies a snap. Each speed mount holds a single dolly, axle bar and break over bar. Comes with lock and key for security.

**Sold Individually.**

P/N: ITD 1349 $246.99

---

**Carrier Dolly Mount**
Store your In The Ditch Speed Dolly on your car carrier! Sold individually

P/N: ITD 1347 $389.99

---

**Modular Speed Mount**
This mount is a solution to mount your speed dollies on a composite body. With an adjustable dolly cradle, this will accommodate many composite body styles.

**Sold Individually.**

P/N: ITD 4665L $219.90

P/N: ITD 4665R $219.90

---

**Double Axle Rack**
This lockable axle storage rack holds two aluminum telescoping axles and a lightweight break over bar. The break over bar is cradles between the two axles and is held in place with a thumb screw system. The double axle rack consists of two pre drilled pieces that install quickly and easily.

**Sold Individually.**

P/N: ITD 1027 $145.99

---

**Locking Simple Mount**
The Locking Simple™ Mount is a basic, cost-efficient dolly mount. The Simple™ Mount is built to snugly fit the frame of a Speed® Dolly and mounts securely to the deck of a wrecker.

**Sold Individually.**

P/N: ITD 1561 $74.99

5 things you need to know about GOJAKS

1. Never use GoJaks as towing dollies. They are for hand maneuvering vehicles into line with your tow truck or loading car carrier beds only.

2. Do not drop or throw them to ground. They need to be placed gently to prevent wheels from cracking and springs from breaking.

3. Do not over pump the foot pedal. Gojaks are designed to lift the towed vehicle just a few inches off the ground. Over pumping will cause your foot pedal to break.

4. Do not load GoJaks from above. For example using a tow sling. Never drop a vehicle onto the Gojak this will cause it to crack the frames wheels and rollers.

5. Do not push GoJaks over curbs, rocks or other obstacles doing this will cause the casters and frames to break.

GO JAKS (MODEL 5000)

Allows 1-2 people to move a car freely. This combination jack/dolly will let you lift and move a locked, blocked or disabled vehicle by hand in just a few short seconds. Prevents damage to oil pans and ground effects. Rated at 1,250lbs each and accommodates 13” to most low profile 16” wheels up to 9” wide. Gojaks will not replace towing dollies but do allow you to have the ability to position vehicles by hand.

P/N: WTD GJ5000  $229.99

GO JAKS (MODEL 6000)

Allows 1-2 people to move a car freely. This combination jack/dolly will let you lift and move a locked, blocked or disabled vehicle by hand in just a few short seconds. Prevents damage to oil pans and ground effects. Rated at 1,550lbs each and accommodates 13”-16” wheels and tires up to 13” wide. Gojaks will not re-place towing dollies but do allow you to have the ability to position vehicles by hand.

P/N: WTD GJ6000  $249.99

GO JAK Holders (Pair)

Steel mounting brackets to hold two GoJaks of any size. Mount to any flat surface and be ready to go in minutes! Sold in pairs!

P/N: AD-GJ101  $46.99

GO JAK Holders

Universal locking Go Jak bracket. Securely hold GoJak in place with ratchet teeth. Add your own padlock for added security.

P/N: AD-GJ108  $68.79
**Throttle Cable**

Control the idle from the cab!
Weatherproof handles cable keep the weather at bay. Turn knob to raise idle or push button to release it. Adjustable locking control.

ACCEPTED !!
RETURN POLICY

You may return any new, unopened items sold and fulfilled by East Penn Truck Equipment within 10 days of delivery for a full credit to your account for the price of the item excluding shipping costs. Products must be in the original box, have a packing slip and reason noted for being returned. Once item is received, a credit will be issued to your account for the price of the item excluding shipping costs. We will only pay shipping costs if the return is a result of our error (incorrect or defective item). Item’s being returned within 10 days are subject to a 15% restocking fee. Defective merchandise will be sent back to us via prepaid UPS freight for warranty consideration and repair by original manufacturer of the product.

SHIPPING INFORMATION

All products are shipped via UPS up to 100lbs. Items weighing over the allotted weight description will be shipped via truck freight. Shipping charges are applied to your invoice at the time of shipment. East Penn ships to all of the lower 48 states. East Penn Truck Equipment reserves the right to direct ship items from distributors if items are currently not in stock. Items not in stock will ship out as soon as the product becomes available to us.
